AMAZONAS TURBINE

5460 x 2300 x 1500 mm

one-person swimming pool, 3 sitting places

The W-Power Turbine - instead of the 3 hydromassage pumps- is capable to spin 50-160 m<sup>3</sup> water per hour. In contrast to standard swim spa pumps it produces by 75% less power consumption while delivering twice the amount of water.

optional

sound system
